### **Crossing Over: Liberating the Transgendered Christian** by Vanessa Sheridan

Claiming her identity as both Christian and transgendered, Vanessa Sheridan offers insight and confronts the harsh reality of injustice prevalent in society and in the church toward transgendered. Her passionate writing offers hope for those who are transgendered as well as to include transgendered persons into the full life and ministry of the church.

### **Omnigender: A Trans-religious Approach** by Virginia Ramey Mollenkott

This book bridges traditional religious doctrine and secular postmodern theory regarding gender. Through an examination of the Hebrew and Christian scriptures and church history as well as the exploration of other religious traditions and cultures, Mollenkott honors the experience of people who do not fit within the traditional binary concept of gender: intersexual, trans-sexual, or otherwise-gendered individuals.
